WHAT YOU GET

Three Engines, One Partner

THE ANCHOR

Big Muddy Inn

A physical "front porch" for the city's culture. The place where visitors become regulars.

THE MEDIA ECOSYSTEM

Magazine & Radio

High-fidelity, evergreen content that tourists actually want to consume. Year-round brand awareness.

THE DIRECTORY

Deep South Directory

Connects tourists to Main Street businesses — and makes sure they show up in AI search, not just Google.

The Media Ecosystem

Instead of one-off ads, we provide a continuous content stream:

Big Muddy Magazine

A Sponsored City Guide for Natchez — not a brochure, but coffee-table quality editorial.

Big Muddy Radio

Native advertising and live sessions recorded in Natchez, streaming globally for year-round awareness.

Photography Library

600+ high-end images of the corridor ready for your use. Professional, editorial quality.

Digitizing Main Street

Deep South Directory

AI-powered platform that manages reviews, social media, and search presence for Natchez restaurants and shops.

AI Search Optimization

When someone asks ChatGPT, Google AI, or Perplexity "where should I eat in Natchez," your businesses show up. This is the new SEO.

The Ecosystem Advantage: Directory businesses get featured in the Magazine, mentioned on Radio, and included in social campaigns. No other platform offers editorial coverage + AI tools in one package.

Negative-CAC: We Generate Our Own Audience

Every live show, podcast, or magazine feature is a marketing event for Natchez that costs the Tourism Office \$0 to produce.

You don't just spend your budget with us. We generate an audience you keep.
